

What is and does the **dorm council**?

The student administration is introduced

The dorm council is the mediator between the residents and the Studierendenwerk as well as the property management. We are in contact with the Studierendenwerk and constantly try to improve the living situation here. If you have any problems with your flat mates, the property management or if you simply have questions about your life here, feel free to ask us for help. We also take care of general aspects of living here in the Kiwi by tending to the common rooms or the terraces, for example.

Apart from that, we organize many events that you can attend in your leisure time, such as playing paintball together or bowling. We, furthermore, plan two to three big parties per semester.

Closely related to the dorm council are the “Tutorien”: e.g. Bar, Café, CineKiwi and Sports.

The dorm council is no fixed group, of course. Any permanent resident of our dormitory can be elected to be a part of the dorm council at the plenary meeting. There are up to 7 positions in the dorm council:

1. Chairman – leads the dorm council meetings and works with the property management
2. Deputy Chairman – responsible for minute taking at the meetings
3. Finances – manages the dorm’s bank account and cash box
4. Media – administrates the homepage and contact details of the dorm council
5. *Hausausschuss* – communicates with representatives of the Studierendenwerk
6. *Hausaufnahmeausschuss* – decides about requests of prolongation, together with property management
7. Common rooms – takes care of our common rooms, such as laundry rooms and study
